

November 21st 2024

RE: Notice, we are moving.

We have a duty to inform patients of important changes, like moving our location.

Vitalogy will continue providing osteopathy services at suite 107 - 383 Parkdale until the end of December 2024. Cody Cummings osteopathic manual practitioner looks forward to welcoming you to Vitalogy's new venue in the Vanier neighbourhood, starting in January 2025.

Vitalogy moved in to its current venue at 383 Parkdale in December of 2020. It's been a rough few years setting up a new business in the Ottawa region as the city continues to reshape since the pandemic. Our commercial lease is up for renewal and after careful consideration and evaluation, it is just not feasible to renew the lease for another term.

After the move Vitalogy will retain your patient file, our business name, our branding, our email address, phone number, and continue using our existing booking software platform.

If attending care in Vanier is not possible for you, check out the Ontario Association of Osteopathic Manual Practitioners 'find a member' map feature to locate an osteopath that is more conveniently located for you (here is that link) <https://osteopathyontario.org/site/findapractitioner>

As well, Cody will continue providing osteopathic services a few days a week at a clinic in Stittsville. (here is a link for that clinic) <https://www.dunbarosteopathy.ca/>

Cody would like to thank you all for supporting Vitalogy Osteopathy over the last 4 years and is honoured and looking forward to continue offering support using osteopathic care for this community in the years to come.

Vitalogy Osteopathy & Wellness Centre
suite 107, 383 Parkdale ave. Ottawa ON K1Y 4R4
